AMIJAS SURGICAL INSTRUMENTS

Amijas Surgical is leading manufacturer and exporter of Dental, Ortho and Surgical Instruments. The high quality of the company's product has been appreciated for many years through the world and Amijas Surgical will maintain this reputation by applying same degree of care and concern for manufacture and design in the past. We are willing to serve your valued and prestigious company on the basis of our top quality products on very reasonable prices within time delivery.

We have complete in-house R&D designing and manufacturing facilities. We focus on continuous improvements and new product developments to incorporate features that are superior to what is currently available in the market. Our production confirms to the highest international standards.

The wealth of hardworking knowledge and dexterity of craftsmen improving the product that have helped to create the best quality instruments which comply with all the requirements of most modern human care sector.

Our Strengths

- Sourcing of quality raw materials.
- Completely in-house production processes.
- Experienced and technically qualified workforce.
- Use of latest technologies and machineries in production.
- Compliance of strict technical and regulatory standards.
- A sense of morality, honesty, and hard work in all our dealings.

Amijas Surgical earns satisfaction of its customers. By providing quality products at fair price and on timely delivery.

Amijas Surgical certified by followings:
